

MOLE

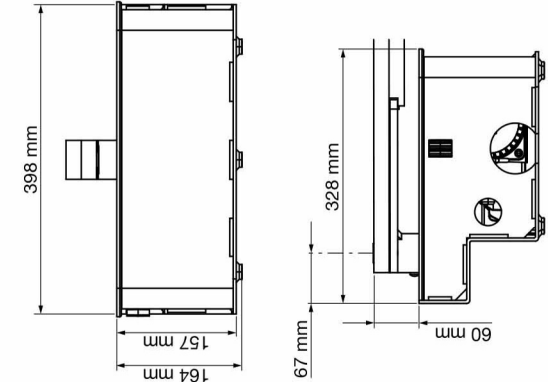

230 Vac

ELECTROMECHANICAL UNDERGROUND OPERATOR FOR SWING GATES

For Swing Gates up to 2,5 m per leaf.
Water resistant IP67.
The mounting holes allow MOLE motor to be installed inside numerous existing models of foundation boxes.

TECHNICAL DATA:

Power supply	M0230
Absorbed power	230 V/50 Hz
Current	350 W
Torque	1,5 A
Capacitor	320 Nm
Tiempo de apertura (90°)	14 µF
Self locking	17 s
Speed	Yes
Max. Opening angle	0,9 rp.m.
Duty cycles	110 °
Protection class	20 cicles/hour
Opening temperature	IP67
Dimensions (mm)	-20°c to 60 °C
Operator weight	398x328x164
Max. gate weight	6,5 kg
Max. gate length	800 kg
	3,5 m

OPERATORS RANGE:

- M0230 Electrom. Underground operator in 230vac
- AM001 Base box coated in cataphoresis

ACCESSORIES:

- AM002 Chain drive to obtain an angle up to 180°
